DAT HUYNH

Morrow, GA | 404-838-8999 | dat.huynh642@gmail.com

Motivated and detail oriented senior student pursuing a degree in Computer Science with a focus on Software Engineering. Strong analytical skills with a keen ability to learn and adapt quickly to new technologies and programming languages. Proficient in designing and developing robust software solutions. Proactively seeks opportunities to improve, learn, and enhance skills.

EXPERIENCE / PROJECTS

OCT-NOV 2023

BUDGET / EXPENSE TRACKER APP, GEORGIA STATE UNIVERSITY

An app developed with a team in Flutter that tracks a user's expenses, displays them as percentages, and persists their data locally. Users enter their budget and add expenses under one of the five categories available. Percentages per category and their leftover budget allows users to better comprehend and visualize the amount of money associated with their expenses. Contribution to app includes:

- GUI
- Local Data Persistence
- Improved expense category page system to be more efficient
- Percentage System and implementation of real time updates/changes for the system.

NOV-DEC 2023

COMMERCE APP, GEORGIA STATE UNIVERSITY

An app that serves to replicate a generic commerce mobile app. Developed in Flutter with a team, this app includes a Firebase authorization and Firestore to save user data. A rest API was used to supplement product data. Users can register and login into the app, browse products, add products to their cart, and replicate purchasing those products. Contribution to app includes:

- GUI for Shopping Catalogue, Navigation bar, product page, and settings.
- Implementation of rest API into app
- Implementation of Search and tag system for Shopping catalogue.

EDUCATION

2019-CURRENT

BACHELORS OF SCIENCE IN COMPUTER SCIENCE, GEORGIA STATE UNIVERSITY

Expected Graduation: December 2024

TECHNICAL SKILLS

- Programming Languages: Java, Python, Dart, C++, C
- Software Development: Agile methodologies, Git
- Web Technologies: Html, CSS
- Database Management: MySQL, Firebase
- Tools and Frameworks: Flutter, Jupyter Note

SOFT SKILLS

- Proactive
- Organized and Punctual
- Problem-Solver
- Effective Adaptable and Flexible
- Effective Communicator
